## SKILLS, LANGUAGES & FRAMEWORKS

- Javascript, React/Redux, Ruby, Rails 5, Python, PHP, jQuery, HTML5, CSS3, Bootstrap, Git
- *Other:* WordPress theme development, Advanced Custom Fields, fluent in Spanish

## PROJECT EXPERIENCE

**JohnRyle.com** - <https://johnryle.com>

- Responsive, searchable site of 300+ articles running on a custom built WordPress theme
- Developed templates that allow easy creation of 5 different article styles and content presentation
- Wrote custom AJAX calls and WordPress functions for infinite scrolling and no-reload pagination, and jQuery code to auto-create and populate a table of contents with a single click

**DiversityEdu.com** - <https://diversityedu.com>

- Fully responsive marketing site build from inVision mockups delivered by a graphic designer
- Built and tested the entire site from mock-ups in under 30 hours

**Stay-With-Me.xyz** - <https://stay-with-me.xyz>

- Functional clone of AirBnB built in React/Redux and a Rails 5 API in less than 10 days with CRUD interfaces for users' profiles, listings, bookings and reviews as well as server, database and client side validation and security
- Implemented a listings search feature using AJAX calls and the Google Maps API that updates search results in real time as the map moves
- Created pixel perfect replica of Airbnb's landing page search interface and UI

## WORK EXPERIENCE

**Honest Website Design, New York, NY** - *Founder, September 2013 - Present*

- Built over 20 websites in WordPress from conception to launch, 11 built as completely custom themes
- Served as consultant and supplemental developer for 3 small companies
- Served as DiversityEdu's part-time Tech Coordinator, Product Manager/developer of a LMS

**Travel For Teens, Wayne, PA** - *Trip Director, Office Manager, Project Manager, August 2006 - August 2013*

- Served as Project Manager for complete website overhaul
- Oversaw the creation of a CRM for clients that completely streamlined the registration process
- Led online marketing initiatives that sparked 15% uptick in lead generation

## EDUCATION

**App Academy** - *Rigorous 1000-hour software development course with <3% acceptance rate, February 2019*

**Udacity Full Stack Nanodegree** - *Year-long online Python, Javascript, and SQL course, September 2017*

**Milton Academy, Milton, MA** - *High School Diploma, May 2001*
